# BORDERTOWN (KEY OF G)

Ron Martin and John M. Carter (BMI)

**G-C** (x4)

**G**                    **D**        **G**  
I was born in a border town

**G**        **D**        **G**  
Just beyond the line

**G**                    **D**        **G**  
I grew up in a border town

**G**        **D**        **G**  
Full of many lies

**G**                    **D**                    **G**  
I was taught in a red brick school

**G**                    **D**                    **G**  
The teacher taught me well

**G**                    **D**                    **G**  
Said if I didn't bend the rules

**G**        **D**        **G**  
I wouldn't go to hell

**C**        **G**                    **C**        **G**  
All my life I've been running away

**C**        **G**        **D**  
Up the land and down

**C**        **G**        **C**        **G**  
Every time I'd go away

**Am-C-D**                    **G**  
I'd return ... border town

**G-C** (x4)

Now that I am an older man  
And I'm looking back  
I see that they didn't mean no harm  
Just try to cut some slack

I grew up in a Baptist Church  
The Preacher talked to me  
Said if I didn't do unto others  
They wouldn't do that to me

All my life I've been running away  
Up the land and down  
Every time I'd go away  
I'd return ... border town

**G-C** (x2)

**Am**                    **D**  
Every time you think you've found

**Am**                    **D**  
The answers to the dreams

**Am**                    **D**  
So the winds of change would blow

**Am**                    **D**  
Back to what it seems

**G-C** (x4)

I was born in a border town  
Just beyond the line  
I grew up in a border town  
Full of many lies

All my life I've been running away  
Up the land and down  
Every time I'd go away  
I'd return ... border town ...

Border town ... border town
